AUDITOR'S REPORT

I hereby certify that I have audited the accounts of the Selectmen, Treasurer, Tax Collector, Town Clerk, Treasurer of Trust Funds and Library Trustees from Feb. 1, 1935 to Jan. 31, 1936 and find them correctly balanced and expenditures properly vouched except for several road agents payrolls which were either lost or mislaid.

RALPH W. HAZEN,

REPORT OF BOARD OF EDUCATION

To the Citizens of Bethlehem:

The school board herewith submits its annual report. The report includes the treasurer's report for the fiscal year July 1, 1934 to June 30, 1935 with an itemized statement of expenditures; budget for the present school year and for next year; estimated receipts, and written reports by the superintendent of schools and by the headmaster of the high school.

We recommend that the school district raise the sum of \$28,000.00 for the support of schools for the year beginning July 1, 1936. This amount will not be sufficient to close the year June 30, 1937 without a deficit, but seems a wise appropriation at this time.

Respectfully submitted,

Bessie A. Coney
J. Elmer Harrington
Alfred A. Hall
Bernard Harvey
Mabel F. Harrigan
Anne Wolcott

To the School Board:

This report includes statistics on attendance, a report on medical inspection and health work, comments on course of study and supervision, financial statistics and budget recommendations.

I have listed below the present enrollment by grades, and the average membership for all grades and for the senior high school during the past five years.

Enrollment by Grades

Grade	I	II	III	IV	V	VI	VII	VIII
	23	12	25	20	24	16	25	19
Grade	IX		X	XI	XII	P. G.	TOTAL	
	13		19	13	18	1	233	

Average Membership

1931-32	1932-33	1933-34	1934-35	1935-36
188	186	189	197	205

High School Membership (average)

1931-32	1932-33	1933-34	1934-35	1935-36
47	56	54	57	58

The total enrollment each year is from thirty to forty more than the average membership. The average membership this year will be at least fifty more than it was ten years ago. This is an increase of one third. During that time the high school membership has increased from 24 to 58. With the present membership in the junior high grades the indications point to a larger senior high school for the next two or three years.

Last year undernourished pupils received milk furnished by the Federal government from a fund set aside for that purpose. In addition, you furnished materials from school funds to provide a hot cup of soup or cocoa for all pupils who eat their noon lunch at the school building. Some of the pupils paid for this but collection was not pressed in any

cases. This plan for the lunch is being continued. Pupils who can well afford to pay for their hot lunch should do so. Your policy of providing it for those who cannot pay is a wise and a progressive one.

Last spring you voted to offer classes in Home Economics to the girls in grades seven and eight. Two sewing machines, sewing tables, and chairs were purchased. The girls of these two grades have sewing now four 45 minute periods a week under the direction of Miss Caswell. Special commendation is due Miss Caswell for her willingness to assume charge of this sewing class. No one on the staff has had special training in Home Economics. Miss Caswell readily consented to do her best with the girls in sewing in order that they might have this additional opportunity, just as she had formerly consented to care for the preparation of the noon lunch. One of the high school teachers in turn is teaching in Miss Caswell's room during the sewing periods.

The splendid cooperative spirit among all of the teachers in the building is much in evidence. Each teacher in the high school has charge of certain extra-curricular activities. The elementary teachers and the high school teachers help one another in all special programs. Mr. Cummings has shown real leadership in securing such helpful cooperation in quite a complete program of activities.

For several years the report of the state inspector of secondary schools relative to your high school has had much praise for the organization and instruction. The report of the inspection in December of this year gives very high rating to your school. This report is based entirely on what was seen in a half day's visits to the different classes. A favorable report for several successive years is indicative that one will probably see good school work in general.

Miss Andrews and Miss Kelly resigned late in August. Miss Dorothy Kennedy, a graduate of the four year commercial course at Boston University, was selected to take Miss Andrew's place in the high school. Miss Edna Lyttle, a graduate of the Wheelock School, with a Bachelor's degree in primary education from Boston University, was selected to take Miss Kelly's place in the first two grades. Both of these young ladies have excellent ability and training and are doing well in their positions. The other teachers are giving your pupils excellent instruction and leadership.

The data prepared from the financial reports of the last ten years presents an interesting study.

BETHLEHEM SCHOOL FINANCES

Year Ending June 30	Total Payments	Support of Schools	General Expenses	Debt and Interest	Average Member	Per Pupil Cost-Total Payments	Per Pupil Cost- Current Costs
1927	\$20,506	\$18,963	\$ 1,543		153	\$134.01	\$134.01
1928	21,521	19,423	2,098		154	139.74	139.74
1929	21,379	19,653	1,726		174	122.86	122.86
1930	21,676	19,810	1,866		169	128.26	128.26
1931	23,951	21,414	2,537		170	140.89	140.89
1932	27,401	22,156	3,245	\$2,000	188	145.75	135.11
1933	30,580	19,540	2,141	8,900	186	164.30	116.56
1934	29,073	18,570	1,803	8,700	189	153.82	107.80
1935	29,642	19,532	1,610	8,500	197	150.46	107.32
1936 est.	29,416	19,410	1,706	8,300	205	143.50	103.00

Support of Schools includes all instructional expense, maintenance of school building, health, transportation, and other special activities.

General Expenses include administration, per capita tax, insurance, and new equipment.

Debt and Interest includes the bonds and interest on the new building.

Per Pupil Cost-Total is found by dividing the total payments by the average membership.

Per Pupil Cost-Current Costs is found by dividing the payments after the deduction of debt and interest charges by the average membership.

The total payments during the past five years have of course been greater because of the bonded indebtedness of the district. Deducting the bonds and interest the current costs have been no greater during these years than in the years immediately preceding. The number of pupils in attendance has fairly steadily increased and the cost per pupil for current expenditures has consequently decreased. The total membership during the next few years will probably not increase very much. The expenditures cannot be materially decreased without decreasing the efficiency of the schools. Your costs are likely to remain about stationary.

The school year closed last June with a deficit of about \$100.00. Next June the deficit will be increased to about \$1,000. The receipts from sources other than taxation total only about \$500.00. The amounts received from the Forest Reserve Fund have been much less during the last few years than formerly. With the budget for this year about \$1,000 more than the known receipts, a deficit of that amount is quite certain. The budget recommended for next year is \$400.00 below this year's. While an appropriation of \$28,000.00 will not tend to reduce this deficit, it is probably as much as the district will wish to make this year.

The Bethlehem School District has pursued a progressive school policy during recent years. It was one of the first districts in the state to transport all high school pupils on equal terms with the pupils in the elementary grades. It has consolidated its schools and provided excellent transportation for all of its pupils. It has constructed a beautiful school building for the instruction of its pupils. The playground and gymnasium and auditorium provide good facilities for recreation and play. The noon lunch helps to guard the health of the pupils. At some future time you will wish to introduce courses in Home Economics into the high school program, and courses in Woodworking at least in the junior high program. At present curricular extensions involving additional

equipment and increase instructional expense are unwise. It is desirable to continue the progressive features already adopted.

Your cooperation in all of my efforts for school improvements, and your interest in providing for the health, safety, and progress of your pupils have been a genuine encouragement.

Respectfully submitted,

DANA S. JORDAN.

Headmaster's Report

To the Superintendent of Schools:

I herewith submit my annual report and summary of work. Since submitting my last report Bethlehem High School has graduated twelve pupils, six of whom have entered post-secondary institutions: namely, University of New Hampshire, George Washington University, Tufts College, Keene Normal, and Northampton Commercial College.

The total enrollment for this year in the high school is sixty-four. There are thirteen freshmen, nineteen sophomores, thirteen juniors, eighteen seniors, and one post graduate. Sixteen pupils elected a Foreign Language. Thirty-two pupils are studying Commerce. Thirty-two pupils are studying Natural Sciences. Twenty-six pupils are studying Mathematics. Thirty-one pupils are studying Social Sciences.

Provision is being made for individual differences in all classes through the practicing of proper methods of teaching procedure. Standards are being met in all subjects and satisfactory results are being obtained.

Extra curricular activities include boys' and girls' basketball, baseball winter sports, dramatics and music. This year fourteen pupils have been active in a ski school under the direction of Mr. Paul Lemere of Whitefield.

The commercial department is publishing the school periodical each term, which gives the pupils excellent practice in writing, editing and assembling news and worthwhile bits of work done by members of the school.

All teachers are urged to make a strenuous effort to teach the fundamentals of health, citizenship and character, as well as a knowledge of subject matter.

In closing, I wish to express my appreciation to the members of the school board, the superintendent of schools, the teachers, pupils and parents for their cooperation throughout the past year.

LESLIE S. CUMMINGS,
Headmaster.

Deaths Registered in the Town of Bethlehem, N. H., for the Year Ending December 31, 1935
